Source: ClearDW; ARREST\_ALL; RACE\_CODES\_V; Query 09 June 2017

Note: The Chicago Police Department is unable to link every ANOV to an arrest, and the information for bicycle related ANOVs is on another spreadsheet.

Request: From the CLEAR database or any database that contains these records, for the last five years and create a spreadsheet sufficient to show: -The number of ticket issues for any bicycle related offense (riding on the sidewalk, etc). -Any number of arrests related to bicycles and the issuing offense. -The location of where the tickets were issued. -If available, the race of the person who received the ticket -If available, the age of the person who received the ticket.

Approved:

Karen Conway, Director  
Research and Development Division
